

Nevada HAI Annual Update

Thursday, June 19, 2014

Come join us for a full-day of interactive learning, brought to you by the *NV Division of Public and Behavioral Health*, and the *NV Public Health Foundation*, in collaboration with the *NV Hospital Engagement Network* and the *NV Quality Improvement Organization*.

Where?

Live and telehealth network sites in Northern and Southern Nevada

Northern Nevada:

Truckee Meadows Community College
Sierra Room #108

Southern Nevada:

HealthInsight Community Room

When?

7:30 AM – 4:00 PM

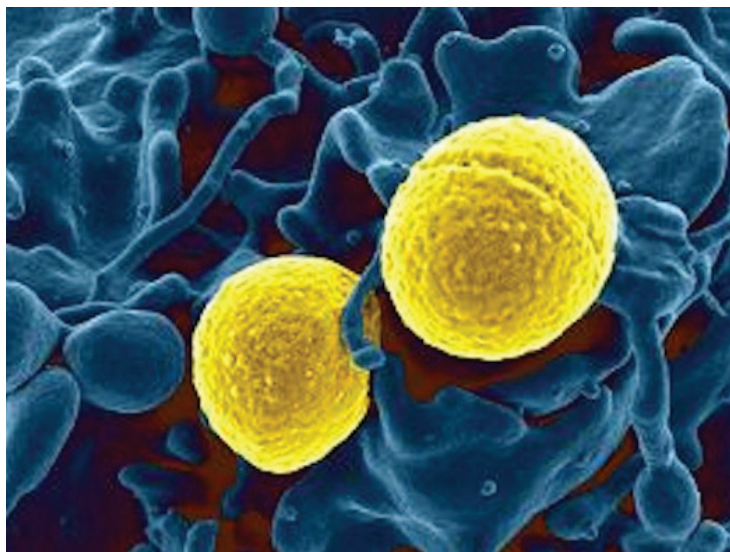

Presentation Topics:

- The prevalence of Multi-drug Resistant Organisms (MDRO).
- MDRO prevention via case studies and discussing realistic methods of implementation.
- Research-based advances in Clostridium Difficile infection and sepsis.
- Antimicrobial stewardship programs in rural, local, and national health care settings.
- Environmental services related to the cost of cleanliness and applying it to case studies.

Intended Audience:

Physicians, nurses, infection preventionists, Pharmacists, Epidemiologists, State and Regional Health District members, hospital leadership and Quality Improvement/Risk Management Specialists.

Nursing CEUs: 6.5 for those attending in person and 5.5 for those attending virtually
